

Cazorla

24th July – 31st July 2023

Dear students and parents,

Further to the success of the Language Immersion Camp for six summers, we will return to Cazorla which proved to be a very successful and dynamic camp. Cazorla is located the south of Spain, in the middle of a privileged Natural Park, surrounded by rivers and lakes.

Once again, the project's aim would be to integrate the students in a camp with Spanish kids so they will be closely working with the Spanish teachers and children, listening and interacting in a rotation system. At the end of the morning they will be working with me making sure that all the topics needed for their Spanish GCSE/ A-Levels will be covered.

As I have been teaching and researching the learning of Spanish, working with fully bilingual children for more than 20 years now, I fully believe a week of Language Immersion Camp properly directed would be highly beneficial for Spanish language learners. This unique opportunity will build confidence and secure a working language knowledge impossible to achieve in a weekly lesson sitting behind a desk.

Language Immersion Camp

Sierra de Cazorla – Aula de naturaleza el Hornico

This camp is located in the "Sierra de Cazorla" a natural park in the eastern part of the province of Jaén, Andalucía, Spain. It is the largest protected area in Spain and the second largest in Europe.

Facilities

The buildings belong to a refurbished "cortijo" and has been working as a camp for more than 20 years, receiving mainly Spanish students or nature groups. The rooms have 6-8 beds with own bathrooms. The camp has their own kitchen facilities and a dining room. They will serve 4 meals a day, breakfast, lunch, tea and dinner. They will offer a Mediterranean diet, catering for allergies / religious / vegetarian dishes. All the meals will consist of first and main dish, bread, water and desert. The camp has lots of facilities for many different activities including a swimming pool and a medical room.

There is also connection to WIFI and the students will be allowed the mobiles at around 8pm for one hour. However, during the main part of the days, the mobiles will be stored securely. In case of emergency a mobile phone will be provided to the parents from which we will keep you updated daily. You can contact us on that phone any time day or night, and in the case of an emergency we will contact you from that phone.

The rooms will be cleaned daily. All the monitors are qualified, holding a Spanish equivalent of a DBS and the students will be fully insured. All the equipment will be supplied. Our students will have to interact in Spanish and listen attentively, as there will be lots of enterprises going on. The monitors in the camp are all qualified, but the team from Olé, will be spending one hour every day with a formal lesson to continue the more academic approach and get these GCSEs and A levels revised.

Activities

Like in previous trips, the idea is to introduce the students to the language and be exposed during the whole time to Spanish. We will not go sightseeing, as this is an opportunity for the English students to get together and chat in English. At the camp there will be constant fun events

You can see a list of the activities we did last year and that we will be doing besides new ones and please find in the glossary the example of a day in the camp, so you can get an idea of how the time will be spent in the camp.
